SIGCSE Virtual:
SIGCSE for All

SIGCSE Virtual is a new biannual SIGCSE conference. Leveraging the universal access and community reach of shared virtual space, SIGCSE Virtual '24 begins a tradition of **connecting and giving voice** to the 99%+ of CS Education stakeholders unable to join SIGCSE's sited venues in a given year.

Virtual for all and virtual by design, SIGCSE Virtual offers **a single, shared space** to supporters and participants alike. In addition to supporter sessions, one-of-a-kind *integrative contributions** to relevant paper, panel, lightning talks and poster sessions ensure **supporters are as integrated and integral** as all participants in SIGCSE Virtual's experience.

SIGCSE Virtual and You:
Integrated Access

- Highlights, thanks, and logo impressions across the SIGCSE Virtual website, plenaries, & breaks
- Supporter sessions and "drop in" booths incorporated throughout SIGCSE Virtual
- *Integrative contributions** within paper, panel, lightning talks and poster sessions
- Conference contacts, if participant ok'ed
- Conference registrations / named scholarships
- Supporter levels, details, benefits on next page

As a Supporter:
SIGCSE Virtual Benefits

Integrative contributions* are clearly-designated supporter and sponsor content, vetted and embedded by the conference committee with the goal of complementing and expanding all voices and conversations at SIGCSE Virtual.

Supporter benefits:
SIGCSE Virtual Sponsorships
